

Empowering Health in Tennessee

At UnitedHealthcare, our commitment to Empowering Health is focused on making a social impact. We're working to expand access to care and address the social determinants of health for those who are underserved and uninsured. Lifting up individuals and families who face daily challenges in their health and wellness is vital to the sustainability of the entire health system.

In Tennessee, we're partnering with community-based organizations to increase their capacity to deliver critical care and social services to vulnerable communities.

42/50

Tennessee ranks 42 out of all 50 states for overall health, with key factors including:

- ⦿ physical inactivity
- ⦿ children in poverty
- ⦿ obesity
- ⦿ diabetes
- ⦿ smoking

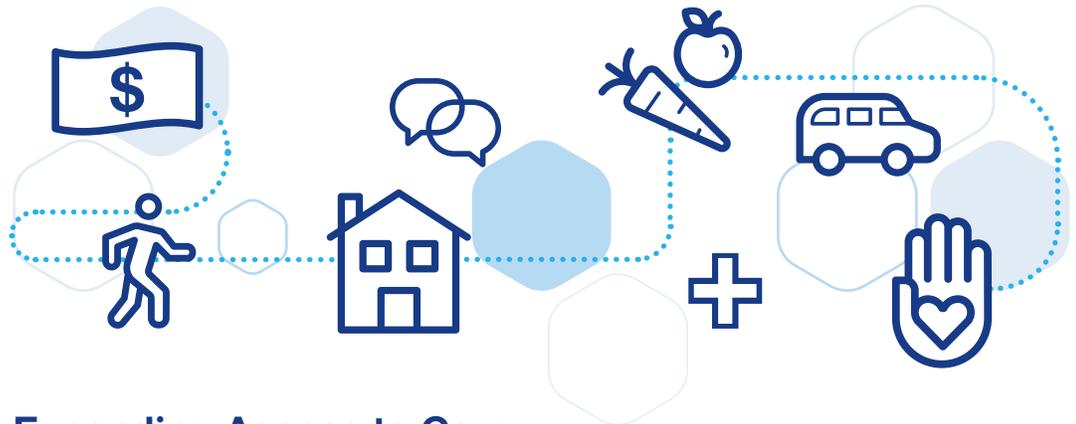

United Health Foundation's America's Health Rankings® 2018

\$3.4M+

philanthropic grants in Tennessee from 2016–2018 through the United Health Foundation and UnitedHealth Group.

\$1.25m

in grants provided by UnitedHealthcare to these organizations in 2019 to deliver real and measurable impact in Tennessee communities.

Expanding Access to Care

Christ Community Health Services

Preventive and restorative dental care for uninsured students, expectant mothers, and individuals experiencing homelessness.

Church Health

Specialty dental care for low-income and uninsured individuals.

Southern College of Optometry

Vision program providing vision screenings, comprehensive eye exams, vision correction, and ocular disease treatment for individuals in Memphis communities with the greatest need.

Addressing Social Determinants of Health

Metropolitan Inter-Faith Association

One year of home-delivered meals for 130 seniors through Meals on Wheels®

Mid-South Food Bank

Expanded access to fresh and health food for 38,000 people through mobile food pantries and healthy school pantry programs.

Regional One Health

Onsite food pantry delivering food boxes to individuals who are uninsured or members of TennCare or Medicaid.

Shelby County Education Foundation

Personal care products and uniform vouchers for 10,000 low-income children attending Shelby County public schools.

YMCA of Memphis and the Mid-South

"Y on the Fly" program featuring two mobile units home-delivered healthy meals, water safety education, exercise opportunities, a mobile library and enrichment programming to 30,000 low-income youth.

Programs that build on our long-standing involvement in Tennessee communities, including:

Innovative Housing Solutions

UnitedHealth Group has provided \$7.7 million in affordable housing investments to support 80 homes for individuals and families in need in Clarksville, Tennessee.

Employee Volunteering

Through our "Do Good. Live Well." initiative, we have donated \$600,000 to Second Harvest Food Bank of Middle Tennessee. Our employee volunteers have donated 1,389 service hours to the food bank, providing more than 4 million meals.

United Health Foundation

To help address the challenge of diabetes and obesity, the United Health Foundation provided a three-year, \$900,000 grant to the Tennessee Primary Care Association in 2015 to expand their telehealth technology.
