

YOU CAN

See the Doctors Plan Difference

It's time for a health plan that's just what the doctor ordered

Introducing Doctors Plan from Canopy Health and UnitedHealthcare

Designed to provide a better health care experience for you and your employees from an alliance of Bay Area caregivers, Doctors Plan offers advantages you'll see right from the start:

MORE SAVINGS

for you and your employees

MORE ACCESS

with thousands of providers to choose from

MORE SIMPLICITY

and coordinated care designed for better outcomes

Our approach is simple and transparent, helping your employees and their families choose, understand and access the right care where they live, work and play.

MORE SAVINGS

More savings for you and your employees

With competitive market premiums and lower out-of-pocket costs, Doctors Plan is built to deliver lower costs for you and your employees.

Designed for affordability with copays starting as low as \$0* for:
PCP visits | Urgent care visits | Online doctor visits

*Refer to plan documents for your specific benefits.

Tools help employees manage costs

Online tools and personalized videos help employees understand their costs and manage their benefits.

MORE ACCESS

Quality medical groups and hospital systems

Employees and their families have access to thousands of primary care providers (PCPs) and specialists. Enhanced provider search tools help employees choose the doctor who best fits their needs.

An extensive network...

- 5 medical groups, including John Muir and Hill Physicians
- More than 5,000 providers
- 22 hospitals
- 9 Bay Area counties

...and available care teams

- More immediate access to PCP appointments
- 24-hour online doctor visits

 MORE SIMPLICITY

Trusted relationships for a simpler, personal experience

Employees and their families can choose a PCP from anywhere in the Canopy Health network.

Doctors Plan is built to foster strong connections between your employees and their PCP—so they've always got a doctor in their corner guiding them to quality care and helping them avoid cost surprises.

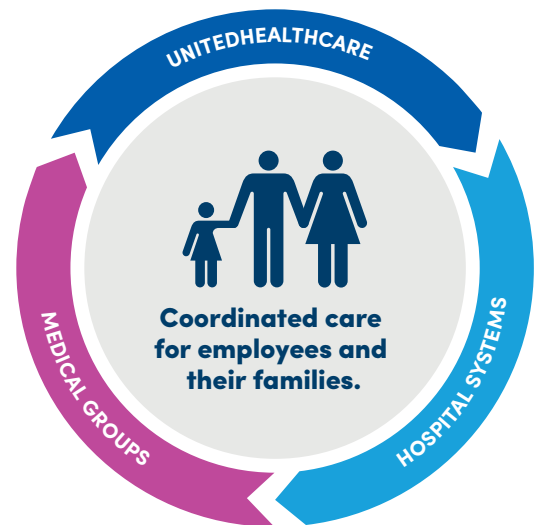

To break down barriers and simplify the experience, employees don't need a referral to see a specialist. And they're free to see all Canopy Health providers, not just those in their PCP's medical group. This means faster and more personalized care for your employees and their families.

Collaborating for better outcomes that benefit everyone

Canopy Health and UnitedHealthcare are committed to working together for better outcomes. Using applied technology and shared data-based clinical practices, we coordinate care at every level, helping to make it easier for your employees to get care, tests and treatment.

This collaboration is designed to support:

- Better health
- More transparency
- Early detection to help minimize costly conditions
- Less confusion
- Lower costs
