

### Take a closer look at Core Essential.

#### Get preventive care without any cost to you.

See a network primary care provider (PCP) for preventive care services and pay nothing out of pocket.

#### See a specialist without a referral.

With the Core Essential plan, you may see a network specialist without a referral from a PCP.

#### Say hello to pharmacy benefits.

Get your prescriptions filled at any UnitedHealthcare network pharmacy. Or if you prefer home delivery, you may order up to a 3-month supply of medications at no additional cost.

#### **Experience patient-centered, coordinated care.**

Better care coordination can help provide you with more support and less hassle.

### Simple ways to help you save.

1 Stay in the network.

If you see an out-of-network provider, there is no coverage (except for medical emergencies), and you will be responsible for all the costs.

2 Choose a network provider.

How much you pay for care can depend on where you go — and you save when you choose a provider within the Core Essential network. Out-of-network coverage is provided only for medical emergencies.

## Meet your health care provider network.

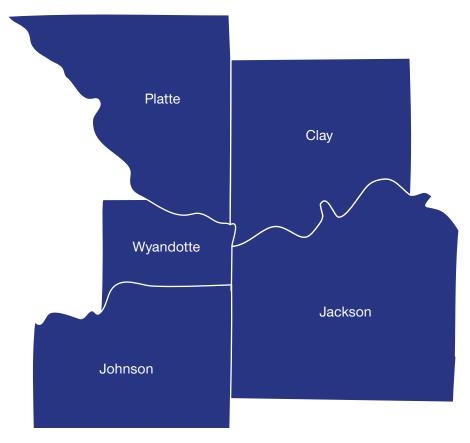

The UnitedHealthcare Core Essential plan features providers from Saint Luke's Health System, Children's Mercy, Kansas City Orthopaedic Institute and many independent doctors.

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. UnitedHealthcare also covers other routine services, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.
