

Working together to help create a better health care experience.

UnitedHealthcare and Arizona Care Network (ACN) are working together to provide a patient-centered health plan that helps promote better health and lower costs.

The NexusACO® plan offers health care benefits and a high-value network from ACN physician groups, including Dignity Health physicians, Abrazo physicians, Phoenix Children’s Care Network and other quality primary and specialty care physicians.

How the plan works.

Members of the NexusACO plan need to select a primary care physician (PCP) from a list of Tier 1 physicians, including the ACN and affiliated physician groups, to guide them with their health care. The PCP will provide care for the majority of the member’s needs, whether it be an annual well visit, preventive care, an illness or an injury. Choosing ACN-affiliated Tier 1 doctors, hospitals and other health care providers may offer your employees the greatest value for their health care benefits.

Choosing a Tier 1 PCP is one of the most important health decisions your employees will make. Our NexusACO directory makes it easier for your employees to find a PCP and helps them evaluate with confidence which physician or specialist they should select. To find a PCP, just look for the **Tier 1 network symbol**  on myuhc.com®.
