

# Discover more savings, flexibility and stability with UnitedHealthcare Level Funded

Finding health benefits that work better for both your budget and employees can make a big difference—in everything from your bottom line and productivity levels to employee retention and recruiting. - Choice of networks, from the nation's largest proprietary network<sup>2</sup> to local options

## More stability

- Fixed monthly rate, similar to a fully insured plan experience
- Stop loss protection from unexpected high medical claims
- Online tools to help streamline plan management and up-to-date reporting on group claims, network usage and more
