Up to 15% increased

annual savings\*

Disclaimer: \*UnitedHealthcare E&I Book of Business. Healthcare Economics, May 2022.

Narrator:

With Doctors Plan, employees choose their own primary care provider. And building strong connections with a

primary care provider of their choice, helps make their health care experience better and often helps improve outcomes

With Doctors Plan, members have the freedom to see an in-network specialist without a referral. And a simpler health

care experience may help deliver lower administrative costs. You can learn more by visiting the plan's dedicated website.

And reducing administrative steps means members have a seamless and improved experience across the health care continuum.
